WHY THIS PROGRAM MATTERS

Water Security

Ensure reliable access to water during dry seasons and emergencies.

Cost Savings

Eliminate recurring expenses of purchasing water.

Income Generation

Monetize surplus water by supplying households, farms, and construction sites.

Group Empowerment

- Pool savings
- Provide mutual guarantees
- Access larger, more cost-efficient tanks

Flexible & Achievable

Structured to accommodate small, consistent savings.

REALITY CHECK

Every dry season:

- Water prices increase
- Supply becomes unreliable
- Households face significant hardship

Those with storage secure their future.

Those without continue to pay more.

CALL TO ACTION

Register individually or as a group and begin your savings journey today.

Limited regional rollout

Priority given to organized groups

Early adopters gain maximum advantage

CLOSING MESSAGE

“Water is life — but storage is power.”

If you can save KES 100 per day, you can own a tank.

This is not an expense:

- It is an asset
- It is security
- It is income
